

April 24, 2019

Thank You for allowing me the opportunity to serve this organization in this leadership capacity.

I promise to accept this responsibility with the highest respect for what we stand for.

I believe we, as an executive board, must provide our coaches and athletes with quality services.

--We must first be a united voice to the IHSAA for girls' sports.

--We must be a voice for the promotion of girls sports with the Media, Athletes, Parents, Schools and Communities.

--We must continue to provide more scholarship opportunities for athletes and coaches

--We must encourage and support growth in all female programs across the state

--We must provide guidance for new coaches

--We must continue to grow ourselves

It is my hopes that all of you realize that we want to be PROVIDERS.

If there are any coaches who want to be a part of this strong and influential organization, please reach out to us. We are always looking to grow, in many facets of the organization, and in all sports. This organization is run by coaches like you!

I vow to bring my best to this organization and help it to grow as we move toward the future.

Sincerely,

Kate Todd
